

# Help Out on State Natural Areas

## Chiwaukee Prairie Workday

**The prairie is blooming, come restore Chiwaukee Prairie SNA.** Help Chiwaukee Prairie Preservation Fund volunteers during our third Saturday workdays and enjoy the beauty of this rich prairie in the process. We will pull a variety of invasives (queen anne's lace, sweet clovers, swallow-wort, loosestrife) which threaten to displace native plants. No skills needed you will be trained onsite.

**Date:** Third Saturday of the month

**Time:** 10am-1pm

**Directions:** Please check the CPPF website <http://www.chiwaukee.org/volunteer/> for final directions. It will be updated on the Thursday before the workday.

**What to wear:** Dress for the weather, bring work gloves, and protective eyewear.

**Contact, cancellation and RSVP info:** If you have questions, email [cppf@chiwaukee.org](mailto:cppf@chiwaukee.org) or call 262-658-8336.
